

LEGISLATIVE RETURN

SUBMITTED BY: Education

1. On October 4, 2017, the Member for Kluane
 asked the following question during the Oral Question Period
at page(s) 961 of *Hansard*

submitted the following written question – WQ No. _____

gave notice of the following motion for the production of papers – MPP No. _____

RE: Can the minister tell the House what the status of the design work is for the francophone high school project? How much of the \$8 million has been spent to date? Will the project be delivered on time?

OR

2. This legislative return relates to a matter outstanding from discussion related to:

_____ on _____ at page(s) _____ of *Hansard*.

The response is as follows:

Status of Design Work

We are currently working on the design for the school, and plan to tender the design/build contract this winter.

Completion of Project

Once the design/build contract has been tendered and awarded, we will be able to provide more information on the timelines and completion date for this project. We anticipate that we will be able to provide this update in Spring 2018

Amount Spent to Date

Of the \$8 million budgeted for the project for this fiscal year, we are projecting to spend \$750,000 and have deferred \$7.25 million to the 2018/2019 fiscal year.

The \$750,000 is for the completion of the conceptual design for the project. Once finalized, we will then move forward with schematic design, statement of requirements, and preparation of the tender documents.

The department will provide a breakdown of the actual expenditures for 2017/2018 after the end of the fiscal year.
