 - submitted the following written question – WQ No. _____
 - gave notice of the following motion for the production of papers – MPP No. _____

RE: Francophone high school

I am wondering if the minister could let us know what the government projects the O&M costs for the new francophone school will be and whether or not there will be corresponding O&M decreases to other schools as students move from those schools into the francophone school?

OR

- 2. This legislative return relates to a matter outstanding from discussion related to:

_____ on _____ at page(s) _____ of *Hansard*.

The response is as follows:

The government projects the O&M costs for the new francophone high school to be \$895,000 per year.

It is likely that the O&M costs for École Émilie-Tremblay will be reduced as a results of students attending the school.
