SPEAKERS STATEMENT

Prior to proceeding with Question Period, the Speaker made the following statement re comments made in the House on the previous sitting day:

"During Question Period the Hon. Premier, in response to a question from the Leader of the Official Opposition, said:

'I can assure the member just one thing. If this government ever -- and I doubt it is going to happen -- has to be faced with reducing investment, the first cut we will make is the member's wages.'

The Chair realizes that Members engage rather enthusiastically in the cut and thrust of debate. Nonetheless even where Members cross swords there are lines that should not be crossed. Whether the Hon. Premier intended it or not his words imply a threat to the Leader of the Official Opposition in response to that Member's actions in this House. That is not appropriate and I would ask him to choose his words more carefully in the future.

Also, during debate on Bill #11 the Leader of the Official Opposition used the word 'arrogant' to describe the Hon. Premier and/or the Government. The Chair would remind the Leader of the Official Opposition that this word has been ruled out of order in the past, where it has been used as a personal insult, as this contravenes Standing Order 19(i).

The House will now proceed with Question Period."

UNANIMOUS CONSENT TO CALL BILL #104

The Hon. Brad Cathers, Government House Leader, pursuant to Standing Order 14.3, requested the unanimous consent of the House to call Bill #104, entitled Smoke-free Places Act, standing in the name of the Leader of the Third Party.

SPEAKER'S STATEMENT (Re: Tabling Lapel Pins)

Prior to proceeding with the Daily Routine, the Speaker made a statement regarding an event that occurred on Wednesday, April 2, 2008 during tabling returns and documents.

"At that time, the Leader of the Third Party sent to the table a number of lapel pins that had been issued to him by the Legislative Assembly Office. That action was not in order.

Some Members may recall that on May 2, 2001, the former Member for Klondike attempted to table road fragments. The Speaker at the time ruled that the materials presented by the Member for tabling were not documents and were therefore not acceptable for placement in the working papers of the Assembly.

The Chair now reiterates that ruling for the Leader of the Third Party. The Chair appreciates that Members feel passionately about public issues, but that does not preclude them from following proper practice in this House. We will now proceed with the Order Paper."

Chair's Ruling

Prior to Committee of the Whole proceeding with Bill #50, Child and Family Services Act, the Chair ruled on the admissibility of Committee of the Whole Motion #12, moved on Thursday, April 10, 2008:

"Last Thursday, Members moved five motions in Committee of the Whole, each one more creative than the one before it. Three of those motions, including the one currently before the Committee, dealt in some way with the future business of the Committee.

Since last Thursday the procedural authorities - *House of Commons Procedure and Practice*, *Beauchesne's Parliamentary Rules and Forms*, and *May's Parliamentary Practice* - have been consulted regarding the proper matter for motions in Committee of the Whole.

This research has revealed certain facts about Committee of the Whole. First, Committee of the Whole has no independent power of inquiry. Motions may be moved in Committee, but only in relation to a matter placed before it by the House. Second, Committee of the Whole does not schedule its own meetings. It meets only upon a motion moved in the House that the House resolve into Committee.

In combination, these two facts reveal a third fact about Committee of the Whole: it has no power to adjourn consideration of any matter to a future Sitting. It is up to the House to decide when Committee of the Whole will deal with a matter.

This brings us to Committee of the Whole Motion #12, currently before the Committee. Mr. Hardy moved:

THAT Committee of the Whole report progress on Bill #50, with a recommendation that the Bill be set aside until a Special Sitting of the Legislative Assembly is convened specifically for the purpose of hearing witnesses and considering amendments to the Bill that will address the outstanding concerns of Yukon First Nations and other interested parties.

A motion to report progress is in order. However, the conditions attached to the reporting of progress mean the purpose of the motion is to adjourn consideration of Bill #50 to a future sitting. As stated, this is beyond the power of the Committee. The issues raised in the motion could be addressed during general debate on Bill #50. These issues could also be put before the House in the form of a substantive motion for which notice would be required. These issues cannot, however, be dealt with as a distinct motion in Committee of the Whole. The motion is, therefore, out of order and cannot be further proceeded with.

The Chair regrets having to end a debate that has already begun. However, it is more important that Committee of the Whole deal with matters that are procedurally within its purview, and not deal with matters which are not.”

The following Bill was reported without amendment:

Bill #51 - International Child Abduction (Hague Convention) Act
-Hon. Mr. Cathers

Progress was reported on the following Bill:

Bill #50 - Child and Family Services Act
-Hon. Mr. Cathers

The report of the Chair was adopted.

SPEAKER'S STATEMENT (Re: Changes to the Order Paper- withdrawal of Motions)

Prior to proceeding with the Daily Routine, the Speaker informed the House of changes made to the Order Paper. Motion Nos. 26, 189, 329 and 347, standing in the name of Mr. Edzerza, Member for McIntyre-Takhini; Motion #37, standing in the name of Mr. Fairclough, Member for Mayo-Tatchun; Motion #345, standing in the name of Mr. Nordick, Member for Klondike; and Motion Nos. 375 and 387, standing in the name of Mr. Mitchell, Leader of the Official Opposition, had been removed from the Order Paper as they related to the Child and Family Services Act which had passed the House. Motion #300 standing in the name of Mr. Elias, Member for Vuntut Gwitchin, had also been removed from the Order Paper because it related to the *Smoke-free Places Act*, which had also passed the House.

SPEAKER'S RULING (Re: Motion #410 ruled out of order)

Prior to proceeding with Notices of Motion the Chair ruled on Motion #410, notice of which was given on Tuesday, April 22, 2008 by Mr. Nordick, Member for Klondike.

“According to annotation 565 of Beauchesne’s Parliamentary Rules and Forms, ‘A Motion should be neither argumentative, nor in the style of a speech, nor contain unnecessary provisions or objectionable words.’

Motion #410 was argumentative and written in the style of a speech. However, of particular concern to the Chair is the Motion’s wording. Specifically, the Chair is concerned by the suggestion in Motion #410 that the Member for McIntyre-Takhini should retract a statement made in this House or resign his seat. This is a concern because the House does have the power, by resolution, to declare a Member’s seat vacant. As such, the mere suggestion, by Motion, that a Member should resign should not be made lightly.

Historically, legislative assemblies have been reluctant to use this power – and for good reason. There is, perhaps, no more serious a decision that an assembly can make than to remove a Member who has been duly elected. To suggest a Member resign for statements made in this House falls below the historic standard used in Canada. Therefore, Motion #410 is not in order and was not placed on today’s Notice Paper.

Motion #410 is the latest example of an unwelcome pattern that the Chair has observed during this Sitting. Since the beginning of this Sitting, Members have given notice of a number of Motions that single out other Members, urging that Member to explain some statement made or action taken in this House or in a Committee. While these Motions have been in order Members might wish to re-think this approach. These Notices of Motion have added to the personalization of proceedings in this House. The Chair recognizes that there are important public issues raised in motions. The Chair would only suggest that the wording of motions focus on those issues, not other Members. We will now proceed to Notices of Motion."

GOVERNMENT PRIVATE MEMBERS' BUSINESS

Moved by Mr. Nordick, Member for Klondike:

THAT this House urges the Government of Yukon to continue expanding education and training programs in areas of particular relevance to the North, such as First Nation governance, mining, tourism, resource management, construction north of 60, health care professionals, care providers and teachers. **(Motion #276)**

A debate arising on the motion, it was moved by Mr. Cardiff, Member for Mount Lorne, in amendment thereto:

THAT Motion #276 be amended by adding, immediately after the expression "resource management" the expression "climate change mitigation and adaptation,".

A debate arising on the amendment and the question being put, it was agreed to.

PETITIONS

Report of the Clerk

The Clerk reported on Petition #5 as follows:

“Mr. Speaker, and Honourable Members of the Assembly:

I have had the honour to review a petition, being Petition #5 of the First Session of the 32nd Legislative Assembly, as presented by the Member for Klondike on May 1, 2008.

This Petition was found to be comprised of two different versions. The model petition which is appended to the Standing Orders indicates that to meet the requirements as to form a petition must be addressed to the Legislative Assembly and must ask the Legislative Assembly to take an action. One version of the petition meets the requirements as to form of the Standing Orders of the Yukon Legislative Assembly and will be retained in the working papers of the Legislative Assembly. The Executive

Council response, made pursuant to Standing Order 67, should be to this version of Petition #5.

The other version of Petition #5 does not meet the requirements as to form of the Standing Orders and will be returned to the Member for Klondike.

Floyd McCormick, Clerk
Yukon Legislative Assembly"

The Speaker ruled that, accordingly, Petition #5 was deemed to have been read and received.

SPEAKER'S STATEMENT (Re: Ruling on Standing Order 28 Motion – May 12, 2008)

Prior to proceeding with the Daily Routine, the Speaker made the following statement about events that occurred on May 12, 2008.

“Members will recall that during yesterday’s Daily Routine the Leader of the Third Party rose pursuant to Standing Order 28 to request unanimous consent of the House to move a motion of urgent and pressing necessity. The Chair intervened during the course of those remarks. This intervention led the Leader of the Third Party to end his remarks. The House did not grant unanimous consent to the request made by the Leader of the Third Party.

Later yesterday the Chair received a letter from the Leader of the Third Party in which he questioned how the Chair handled this event. The Leader of the Third Party paid particular attention to what he saw as inconsistencies between the ways the Chair handled yesterday’s proceeding and those of last Thursday’s when the Leader of the Official Opposition rose pursuant to Standing Order 28.

The process for debating a motion of urgent and pressing necessity consists of two parts. The first is the request for unanimous consent. The second is the debate on the substantive motion, should unanimous consent be granted. During the request for unanimous consent the Members should confine themselves to explaining to the House why the ordinary business of the House should be set aside for the motion they proposed. They are not to argue the substance of the motion they propose to move.

The reason for this is clear: during the request for unanimous consent only the Member making the request is allowed to address the House. As such, the Chair must ensure that the Member does not, in effect, debate an issue that other Members will not have an opportunity to debate if unanimous consent is not granted.

In reviewing the remarks made by the Leader of the Official Opposition last Thursday, the Chair concluded that certain statements made by that Member in requesting unanimous consent would have been more appropriately made during the subsequent debate on the motion itself.

In intervening yesterday, the Chair was not seeking to end the Leader of the Third Party’s request for unanimous consent. The Chair was trying to ensure that the Member focused his

comments on why the matter was one of urgent and pressing necessity, rather than debating the motion itself. Obviously that point was not clearly made and the Leader of the Third Party ended his remarks prematurely.

Members, and others, will draw their own conclusions about whether the Chair's intervention was warranted. There will always be differences of opinion about the application of rules and practices, particularly when the House is dealing with procedures that are rarely used. The Chair expects this kind of exchange to take place and in fact has had many discussions with Members over the years regarding House procedures.

What the Chair did not expect to read in the letter were personal remarks about the Chair, particularly remarks that questioned the Chair's impartiality. Members will appreciate that the Chair is not in a position to respond in kind.

The Chair is, however, in a position to inform the House that criticizing the Chair in this way is not in keeping with accepted parliamentary practice. There are ways of dealing with disputed rulings from the Chair, but a widely circulated letter containing a suggestion of bias is not one of them. As *House of Commons Procedure and Practice* says, 'The actions of the Speaker are not to be criticized in debate or by any means except by way of a substantive motion. Such motions have been moved against the Speaker or other presiding officers on rare occasions. Reflections on the character or actions of the Speaker — an allegation of bias, for example — could be taken by the House as breaches of privilege and punished accordingly.'

The Leader of the Third Party, and all Members, have to keep in mind that the Speaker is elected by the House and is the servant of the House that elected him. When the impartiality of the Chair is questioned, this not only reflects upon the Speaker, but upon all proceedings of the House over which he presides. That is why questions about the impartiality of the Chair are matters for the House to decide, and not for individual Members to comment on at will.

Having reviewed the Blues from yesterday, I understand why the Leader of the Third Party feels aggrieved and it was not my intention to limit his debate. "

SPEAKER'S RULING (Re: Point of Order - May 13, 2008)

Prior to proceeding with the Daily Routine, the Speaker gave the following ruling on a Point of Order that was raised on May 13, 2008 by Mr. McRobb, Official Opposition House Leader.

"The Member raised this Point of Order in response to a comment by the Minister of Justice. The Minister of Justice began a response to a question by saying, 'It is obvious the opposition's *raison d'être* is to complain and criticize.' The Official Opposition House Leader argued that the use of this phrase was contrary to rules of the House.

The Chair does not believe there is a Point of Order. There are limits to the kinds of unflattering characterizations that Members can make of one another and each other's parties and positions that they hold in this House. However, the Chair does not believe that the comments by the Minister of Justice in the context in which they were made yesterday exceeded those limits.

On a related note, the Chair would ask Members who wish to intervene on a Point of Order to restrict their comments to procedural information that may be useful for the Chair in reaching a

decision. Negative reflections on Points of Order are not helpful and the Chair would appreciate it if Members contained the urge to offer up such comments.”

UNANIMOUS CONSENT PURSUANT TO STANDING ORDER 14.3

Mr. Hardy, Leader of the Third Party, rose pursuant to Standing Order 14.3 to request unanimous consent of the House to suspend Standing Orders 75 and 76 and to rescind the Speaker's declaration of April 2 designating May 15 as the final sitting day of the 2008 Spring Sitting.

Unanimous consent was denied.

SPEAKER'S RULING (Re: Point of Order - May 14, 2008)

Prior to proceeding with Orders of the Day, the Speaker gave the following ruling on a Point of Order that was raised on May 14, 2008 by Mr. Cardiff, Member for Mount Lorne during the debate on second reading of Bill #106, Net Metering Act.

"In raising the Point of Order the Member for Mount Lorne cited Standing Order 19(c), suggesting that the Minister of Energy, Mines and Resources had persisted in needless repetition. Specifically, the Member for Mount Lorne said he believed that this was the third

time the Minister had informed the House about wiring permits and how net metering operates in the Province of Nova Scotia.

The Chair indicated that he could not verify that repetition had taken place. Members will appreciate that it's difficult for the Chair to keep track of what statements a Member has made in debate when the Member's speech took place over three sitting days, the first of which was almost six months ago. The Chair did, however, commit to have the Table Officers research the Point of Order and report the results.

Based on the report of the Table Officers, the Chair finds there was a Point of Order. During the debate on Bill #106 on November 28, 2007, the Minister used the sentence, 'People wishing to become net metering clients of Nova Scotia Power must file an application with their address and installation and wiring drawings of their plant.' The Minister used the same sentence – verbatim – during debate on April 16, 2008, and again with only slight modification during debate yesterday. The use of one sentence would not constitute needless repetition if it were used in a different context on the three days in question. However, much of the information surrounding that sentence was the same, or similar, on those three dates.

All Members may wish to contemplate the significance of this ruling. Over the past several years, the House has adopted Standing Orders that limit the number of sitting days per calendar year and have reduced the number of hours in a sitting day. The House now has a finite amount of time to deal with the business placed before it. This makes it increasingly important that Members do their utmost to adhere to the rules regarding repetition – as well as the rules regarding relevance – so the House may use its time as efficiently as possible."

COMMITTEE OF THE WHOLE

According to Order, the Assembly resolved into Committee of the Whole.

Termination of Sitting as per Standing Order 76(1)

The Chair made the following statement:

"Order please. The time has reached 5:00 p.m. on this the 32nd day of the 2008 Spring Sitting. Standing Order 76(1) states: 'On the day that the Assembly has reached the maximum number of sitting days allocated for that Sitting pursuant to Standing Order 75, the Chair of the Committee of the Whole, if the Assembly is in Committee of the Whole at the time, shall interrupt proceedings at 5:00 p.m. and, with respect to each Government Bill before Committee that the Government House Leader directs to be called, shall:

- (a) put the question on any amendment then before the Committee;
- (b) put the question, without debate or amendment, on a motion moved by a Minister that the Bill, including all clauses, schedules, title and preamble, be deemed to be read and carried;
- (c) put the question on a motion moved by a Minister that the Bill be reported to the Assembly; and
- (d) when all Bills have been dealt with, recall the Speaker to the Chair to report on the proceedings of the Committee.

It is the duty of the Chair to now conduct the business of the Committee of the Whole in the manner directed by Standing Order 76(1).

The Chair would now ask the Government House Leader to indicate whether Bill #9, Bill #11 and Bill #46 the three Government Bills now before the Committee of the Whole, should be called."

- (d) with respect to each Government Bill standing on the Order Paper for Third Reading and designated to be called by the Government House Leader,
