COMMITTEE OF THE WHOLE

According to Order, the Assembly resolved into Committee of the Whole.

Chair's Statement (Re: Events in Committee of the Whole on March 31, 2009)

Before proceeding with Committee of the Whole, the Chair made the following statement about events that occurred in Committee of the Whole on Tuesday, March 31:

"During Committee of the Whole on that day, Points of Order were raised about statements by some Members that the speeches offered by other Members were a waste of the Committee's time. Experience has shown that whenever Members comment about other Members, disorder soon follows. That is what occurred on Tuesday. There was also some conflict between the Chair and a Member regarding one of the Chair's rulings and the Member's reaction to it.

I would remind Members that on November 26, 2008, the Speaker met with the three party leaders. The following day, the Speaker gave a statement to the House regarding that meeting. That statement read in part, 'the leaders informed the Chair that they had reached a consensus that they, and all members of their respective caucuses, will rededicate themselves to their commitment to raise the level of order and decorum in this House.'

Raising the level of order and decorum in this House requires that Members respect each other. They must also respect the Chair, even if they disagree with rulings from the Chair. The Speaker went on to say, 'The Chair appreciates the commitment the party leaders are making. On behalf of the Deputy Speaker, the Chair can assure all Members that the presiding officers will do their best to apply the House rules knowledgeably, consistently and impartially. The Chair will do its part to ensure that all Members act in a manner that respects the institution in which we serve and earns the respect of those we were elected to serve.'

In my rulings and actions on Tuesday, I was, as Chair, attempting to uphold the commitment made by the Speaker and myself to help maintain order so that the members can have an orderly and relevant debate, and so that the public interest can be served.

We will now proceed with Committee of the Whole."

SPEAKER'S RULING (Re: Comments made on April 8, 2009)

Prior to proceeding with Question Period, the Speaker gave the following ruling pertaining to a Point of Order that was raised during Question Period on April 8, 2009, by the Hon. Mr. Kenyon, Minister of Economic Development.

"The Minister raised the Point of Order in response to what he understood as an accusation of unlawful behaviour by the Member for Vuntut Gwitchin against the Minister of Environment and the Minister of Community Services.

The Chair believes that there was a Point of Order and that the words used by the Member for Vuntut Gwitchin in his final supplementary question, and I quote: 'in direct contravention of the *Environment Act*' must be read in the context of previous remarks the Member made in his main and first supplementary questions.

The Chair will conclude this ruling by reminding Members of the meeting the Chair had with the three Party Leaders on November 26, 2008. The following day, the Chair gave a statement to this House with regard to that meeting. At that time the Chair said, 'The Leaders informed the Chair that they had reached a consensus that they, and all Members of their respective caucuses, will rededicate themselves to their commitment to raise the level of order and decorum in this House. It is a fundamental principle of parliamentary debate that Members

should treat each other as honourable at all times. The Chair appreciates that this is not always easy for Members. They are committed to improving the lives of Yukoners. They are also committed to the positions they hold on important issues that face this territory. Often these positions are in conflict, which can lead to unparliamentary behaviour as Members passionately and enthusiastically debate the Bills and Motions before them. However, the passion and enthusiasm Members have for their own views cannot justify treating other members, who hold differing views, with disrespect.'

I would ask all Members to keep this in mind as we proceed with the business of this Assembly." The House then proceeded with Question Period.

SPEAKER'S STATEMENT (Re: Standing Order 19(e), - clarification of May 4, 2009 ruling)

Prior to proceeding with Question Period, the Speaker provided the following clarification to a ruling made on Monday, May 4, 2009, on a Point of Order raised by the Member for McIntyre-Takhini.

"During Question Period, the Minister of Health and Social Services made reference to the fact that Leader of the Official Opposition had voted against the *Child and Family Services Act* during the 2008 Spring Sitting. The Member for McIntyre-Takhini then rose on a Point of Order citing Standing Order 19(e) which says, 'A Member shall be called to order by the Speaker if that Member reflects upon any vote of the Assembly unless it is that Member's intention to move that it be rescinded.'

According to the procedural authorities — Beauchesne's Parliamentary Rules and Forms, House of *Commons Procedure and Practice*, and Erskine May's *Parliamentary Practice* — the term 'vote of the Assembly' as used in Standing Order 19(e) refers to a decision taken by the Assembly as a whole, not the vote of an individual Member on a bill or a motion.

The key to understanding the intent of Standing Order 19(e) is in the phrase that refers to a Member intending that the vote in question be rescinded. The vote of an individual Member, on a question already decided, cannot be rescinded. Only a decision of the Assembly as a whole can be rescinded and only if a motion to that effect is put before the Assembly.

We will now proceed with Question Period."

SPEAKER'S STATEMENT (Re: Unparliamentary Language)

The Speaker concluded Question Period with the following statement:

"I have very rarely done this, but there is a term the Hon. Leader of the Official Opposition used and that was 'railroaded'. I have had a chance to think about this since he made that statement and when there are more Members on the Government side than on the

Opposition side – that is democracy. When there are more votes on one side than there are on the other – that is democracy. So the term ‘railroading’ in reference to democracy is not appropriate for this House. My apologies for not making that ruling sooner, but the Chair feels that it is very inappropriate terminology for democracy. The time for Question Period has now elapsed.”

Chair’s Ruling (Re: Standing Order 19(h))

Prior to Committee of the Whole proceeding with Bill #15, First Appropriation Act, 2009-10, the Chair made the following ruling on a Point of Order raised on Monday, May 4, 2009 raised by the Government House Leader.

“Yesterday in Committee of the Whole, during debate on Bill #15, First Appropriation Act, 2009-10, Department of Energy, Mines and Resources, Mr. McRobb took exception to the characterization of his position by Mr. Cathers. Mr. McRobb remarked, ‘Nothing could be further from the truth.’ Mr. Cathers rose on a Point of Order, stating that this phrase contravened Standing Order 19(h).

The Chair undertook to report back to the House if there was a Point of Order. Upon review, I do find there to be a Point of Order.

While I understand that Mr. McRobb’s intention was not to suggest another Member deliberately misled the Committee, the terminology that he used has frequently been ruled out of order in this context.

I would ask the Member to refrain from using this expression in reference to any Member’s remarks in the future.

I thank Members for assistance in this matter.”

Disturbance in the Public Gallery

Following the Chair’s ruling, a stranger in the Public Gallery caused a disturbance. The stranger was escorted out of the Gallery and Committee of the Whole continued with debate on Bill #15, First Appropriation Act, 2009-10.
